Partnership. With Guarantee.

3/2-Way valve pneumatically actuated
Series SE10, SE11, SE12, SE13, SE20

Design type	3/2-way poppet valve, pneumatically actuated
Connection	RP1/2"...RP11/2" according to ISO7/1 on request: NPT thread
Materials	Housing red brass Standard seat seal PTFE
Control medium	Compressed air and neutral gases (Liquids on request)
Application range	gaseous and liquid media that do not attack the materials used
Viscosity of the medium	max. 600 mm²/s (600cSt)
Medium temperature	Metal cap: -30°C...+170°C High-temperature version up to 200°C on request
Ambient temperature	-30°C...+60°C
Control pressure	see table
Operating pressure	see table
Accessories	Limit switch, Pilot valve, Manual override actuation, Manual emergency override, oil- and grease-free version
