

## Richtingventielen - handmatig bediend

### Serie PM144, PM145, PM146, PM147

PM144

PM145

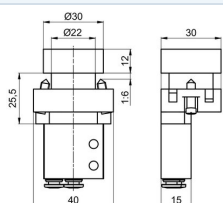

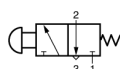

PM147

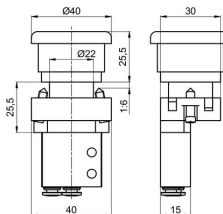

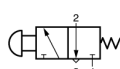

PM146

|                      |                                                                                                        |
|----------------------|--------------------------------------------------------------------------------------------------------|
| Constructie          | Zittingventiel, handmatig bediend                                                                      |
| Aansluiting          | 4mm Insteekkoppeling (M5 op aanvraag)                                                                  |
| Nominale diameter    | 2,5mm                                                                                                  |
| Drukbereik           | 0...10bar                                                                                              |
| Doorstroming         | 90NI/min                                                                                               |
| Bedieningskracht     | 12N bij 6 bar                                                                                          |
| Medium               | gefilterde en geoliede of ongeoliede perslucht                                                         |
| Mediumtemperatuur    | 0...+60°C                                                                                              |
| Omgevingstemperatuur | -10...+50°C                                                                                            |
| Opmerking            | CAD-bestanden zijn verkrijgbaar in de STASTO Store op <a href="http://www.stasto.eu">www.stasto.eu</a> |

#### PM144 Bediening drukknop/veer

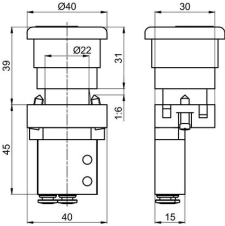

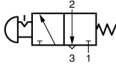

|                                                                                     |                                                                                     | Functie           | Toetskleur | Type          |
|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------|------------|---------------|
|  |  | 3/2-wegklep<br>NC | zwart      | PM144-04-C-BK |
|                                                                                     |                                                                                     | 3/2-wegklep<br>NC | rood       | PM144-04-C-RD |

#### PM145 Bediening paddenstoelknop/veer

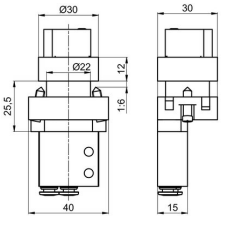

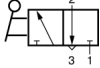

|                                                                                     |                                                                                     | Functie           | Toetskleur | Type          |
|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------|------------|---------------|
|  |  | 3/2-wegklep<br>NC | rood       | PM145-04-C-RD |

PM147 Bediening paddenstoelknop/vergrendelend

|                                                                                   |                                                                                   | Functie           | Toetskleur | Type          |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-------------------|------------|---------------|
|  |  | 3/2-wegklep<br>NC | rood       | PM147-04-C-RD |

PM146 Bediening tuimelschakelaar/vergrendelend

|                                                                                   |                                                                                   | Functie        | Type       |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|----------------|------------|
|  |  | 3/2-wegklep NC | PM146-04-C |
